

## MISSION REPORT, October 2017 – Jordan

*“In the future I will be a Certified Prosthetist & Orthotist (CPO) with **SwissLimbs** team, I love how **SwissLimbs** technicians made my prosthesis and helped me to walk on my own legs, as I used to... I was fitted before by another technician but I didn't have this strong desire to become a CPO and to make legs for amputees”, Jihan , 7 years old Jordanian child, she lost her leg due to car accident. Thanks to **SwissLimbs** and Al-Bashir Hospital, She received her below-knee leg in September 2017.*

*Azam Maloh at his Shop in Ami Almufti Palestinian camp in Irbid, Jordan.*

*Azam with the technicians after fitting at the Princess Basma workshop, in Irbid. Oct,2017*

**“... Every alive person should enjoy every single moment, I’m a double amputee but also a humanitarian activist, I have many initiatives at the camp”, Azam Maloh, 50 years old Palestinian refugee in Irbid lost his legs due to Ischemia. Thanks to SwissLimbs and princess Basma workshop, he received his double below-knee legs in October 2017.**

He shared the following press –release for one of his initiative at the camp: <https://www.al-monitor.com/pulse/originals/2017/10/palestinian-artists-paint-camp-walls-in-jordan.html>

**IMPLEMENTORS:** SwissLimbs Association, Mendrisio, Switzerland, Mand.Ro – South Korea

**DONORS:** Däster Schild Stiftung, FOSIT – Cantone Ticino, Mand.Ro - Korea International Cooperation Agency, Fondation de Bienfaisance du Groupe Pictet and Fondazione del Ceresio.

**PARTNERS:** Ministry of Health Jordan, National Committee of Demining and Rehabilitation of Jordan (NCDR).

**LOCATION:** Al-Bashir Hospital, Amman, Jordan.

**IMPLEMENTED another 4 WORKSHOPS WITH Orthopaedic Technicians  
TRAINED by SwissLimbs  
RESTORED mobility to 33 Satisfied Patients – with 21 legs and 13 hands**

SwissLimbs is proud to continue with a strong pace the rehabilitation activities in Jordan. Our collaboration with the Princess Basma and Al-Bashir Hospital allows two CPOs trained by SwissLimbs to provide prosthetic solutions to an incredible amount of Patients.

During September and October 2017 SwissLimbs did perform 4 prosthetic leg and hand workshops. We did restore the mobility of 33 patients with 35 prosthetic devices.

SwissLimbs did perform the prosthetic in Amman and Irbid – Jordan.

## THE ORTHOPEDIC TEAM

Mr. Qusai, CPO

Mr. Aanas, CPO

Mr. Sanad –SwissLimbs volunteer

Orthopedic Workshop Al-Bashir, Amman – Jordan and princess Basma workshop Irbid -Jordan

## THE BENEFICIARIES

### Leg Prostheses

Ms. Afaf Azarmeh  
19 y.o. Jordanian  
Right below knee prosthesis

Mr. Ghazwan Alabbas  
71 y.o. Syrian  
Left below knee prosthesis

Mr. Ammar Al-zarazreh  
36 y.o. Syrian  
Left below knee prosthesis

After receiving new legs and training  
Mr. Omar Jordanian and Abdullah, Syrian

ABDULRAHEEM ELHAJ HASSAN,  
5 y.o. Jordanian  
Right below knee prosthesis

Left: Mand.ro's CEO Mr. Sangho  
Orthopedic Workshop **SwissLimbs'** offices – Amman, Jordan

## **Hand Prosthesis**

Mr. Ahmad Hilal, 22 y.o. Syrian  
Fitted with right above arm prosthesis

Mr. Enji Ahmad, 17 y.o. Syrian  
Fitted with right above arm prosthesis

## PATIENT DATABASE - PROJECT STATISTICS

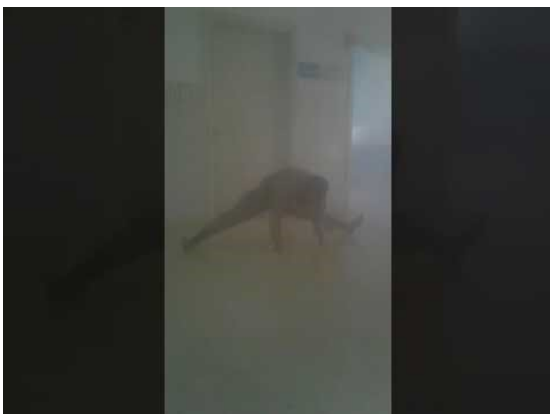

Type of Patients	Amman	Irbid	Total Nr. Patients	Nr. Limbs

## Videos

Ammar Al-zarazreh , Syrian 36 years old.

<https://www.youtube.com/watch?v=M9VOTEUUMoM&feature=youtu.be>

Ammar Al-zarazreh shows his flexibility and high level of fitness using **SwissLimbs** leg.

<https://www.youtube.com/watch?v=nf6GAJq2Tfs>

Abdel Hamid Ali shows Same calligraphy he had before he had the amputation using the hand **SwissLimbs** and Mand.ro granted to him last Oct.

## TESTIMONIAL – Jihan Rakan - Jordan

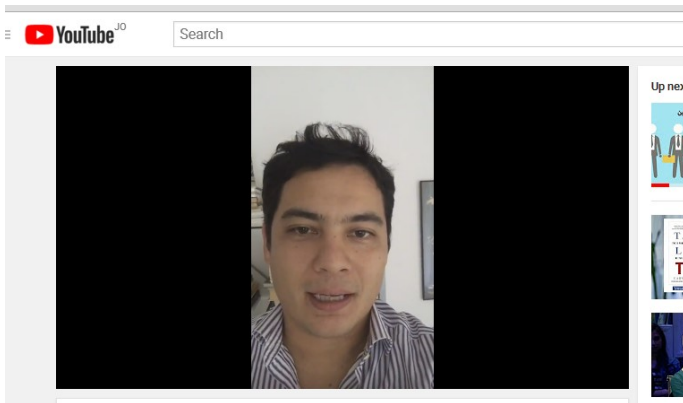

*Jihan Rakan is a 7 years old Jordanian girl who lives in Azraq city in Jordan with her parents and two sisters. She lost her left leg last year due to car accident where she was crossing the road a truck stopped to let her cross the road and she did but she returned back to pick up her bag which fell from her at the last moment, unfortunately the truck driver didn't notice that and Jihan's left leg remained under the truck's wheel.*

In spite all the suffer, she is always positive and smiles all the time, she likes dancing and taking photos. She always watches Indian movies and songs.

Jihan insisted to share with **Swisslimbs** team her beautiful photos

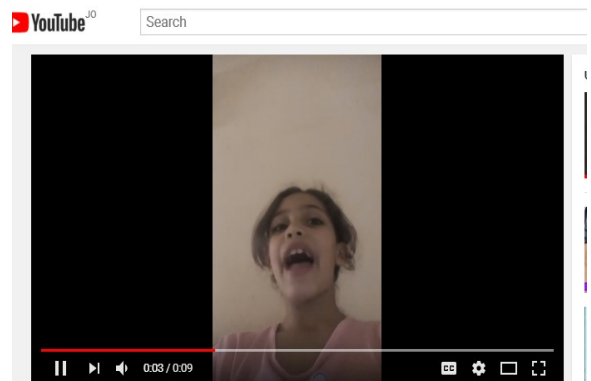

Photos shared by Jihan and the last (right) Jihan signed that she received her leg and she is very satisfied.

<https://www.youtube.com/watch?v=yBkJFFZmh8&feature=youtu.be>

SwissLimbs president message for Jihan

<https://www.youtube.com/watch?v=W9dIpNo687E&feature=youtu.be>

Jihan thank you video for SwissLimbs President

Jihan is a very courageous young girl who does not linger on what she has lost and his past, she rather looks ahead towards a new future.

*Abdel Hamid Ali at **Swisslimbs** office Amman doing Salad after receiving the software update.*

Abdel Hamid Ali was a beneficiary from **SwissLimbs** & Mand.ro workshop, he is a war wounded in Syrian, in 2012 his family left Daraa to become refugees in Jordan, but he did not accept to leave Daraa and he insisted to turn back and stay at his homeland until a bomb barrel fell on his house. After the explosion he managed to arrive at the Ramtha hospital without his right arm and left leg. Now he lives in the Azraq Camp in Jordan. Using the myoelectric prosthesis, he is able to write again with the same beautiful calligraphy he had before the accident. And recently he received updates for his arm software and was so happy that he did cook a salad for the entire team.
